SUMMARY

A passionate and detail-oriented MERN Stack Developer with hands-on experience in front-end development and full stack projects. Completed BCA and currently pursuing MCA (Online) from Sikkim Manipal University. Seeking a challenging internship opportunity to enhance my skills, learn industry best practices, and contribute to innovative web development projects.

TECHNICAL SKILLS

- **Backend:** Django, Node.js (Express), Flask, RESTful API Design
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Frontend:** React.js, Next.js, Redux, Tailwind CSS
- **Tools & Soft Skills:** Git, GitHub, VS Code, Problem Solving, Team Collaboration, Adaptability
- **Programming & Languages:** C, C++, Java, JavaScript, Python

PROFESSIONAL EXPERIENCE

- **Full Stack Web Development** CodeAlpha – Remote
Virtual Internship Nov 2025 – Dec 2025
 - Developed a full-functional MERN stack web application with end-to-end integration of frontend, backend, and database components.
 - Implemented RESTful APIs using Node.js and Express.js, enabling smooth data flow between client and server.
 - Integrated MongoDB Atlas as the primary database for secure, scalable data storage and efficient CRUD operations.
- **Full Stack Web Development** Deloitte – Remote
Virtual Internship Jan 2025 – Feb 2025
 - Gained hands-on exposure to front-end and back-end technologies, including React.js, Node.js, and MongoDB.
 - Built and deployed web-based applications as part of practical assignments.
 - Worked on real-world case studies simulating client requirements.
 - Enhanced skills in problem-solving, team collaboration, and agile methodologies.

PROJECTS

- **E-Commerce Book Store Application** MongoDB Atlas, Express.js, React.js, Node.js
 - Developed a full-featured MERN stack e-commerce book store application with product listing, cart, and order management functionalities.
 - Implemented RESTful APIs using Node.js and Express.js with MongoDB Atlas for secure and scalable data storage.
 - Live Demo
- **Personal Portfolio Website** React.js, JavaScript, CSS
 - Designed and developed a responsive personal portfolio website using React.js to showcase projects, skills, and contact information.
 - Focused on clean UI, component reusability, and smooth navigation for an improved user experience.
 - Live Demo
- **Mini Social Media Application** MongoDB Atlas, Express.js, React.js, Node.js
 - Built a MERN stack mini social media platform with user authentication, post creation, and interaction features.
 - Integrated MongoDB Atlas for managing user data and posts with complete CRUD operations.
 - Live Demo
- **Grocery Management Application** React.js, JavaScript, CSS
 - Developed a React-based grocery management application for browsing items and managing product listings.
 - Implemented reusable components and state management to ensure smooth user interactions.
 - Live Demo
